

VOLUNTEERS WANTED!

Want to learn about **Organic Gardening and Composting?**

Yes - you can do this even when you live in a condo!

Come to a City of Toronto
Children's Garden training and
garden cleanup at the

Waterfront Children's Garden

Sunday, April 26, 2009 from 10-12 p.m.

Learn about the Children's Garden Program and tips
and tricks for composting and garden maintenance.

Then you can stay and help us **clean up the
garden from 1-3 p.m.**

Directions: West on Queen's Quay just before the Music Garden, where the 3 composting bins are.
You don't have to be a kid or have children to participate – just willingness to learn and help (just a kid at heart).

For more information: call Robin at 416-338-5055 or email at rsalt@toronto.ca to sign up (please RSVP by Thurs., Apr. 23, 2009 so we can make sure we have enough food and drinks for everyone).

This garden is run by The Children's Garden and Exploring Toronto Program with the devoted help and support of the students and teachers at Waterfront School on Queens Quay, but they need volunteer help to keep the garden watered and tidy. You can also help out by saving fruit and vegetable scraps in your freezer, and deposit them in the composters.
