Subject: Cleaning of Garage Catch Basins, Ramp Drains and Sump Pits

Please take note that our contractor, Firenza Plumbing, will be on site in the underground parking garage on Wednesday, July 22, 2009 in order to vacuum the catch basins, ramp drains and sump pits.

This cleaning is an integral part of preventative maintenance and takes place following the spring power washing of the underground garage.

There will be trucks and equipment in the garage on Wednesday, July 22, 2009 and we ask that you exercise care and caution while travelling through the garage during work.

Thank you for your kind attention to this matter.

Yours truly,

Brookfield Residential Services Ltd.
