Subject: Televisions in Aerobics Room and Exercise Room

Our consulting engineers have informed Management that the installation of our suspended televisions may not be safe and that under certain circumstances in the past, suspended televisions have fallen causing injury and death.

As a result, we have temporarily removed the televisions from the exercise room and aerobics room for the safety and well-being of our residents who use these facilities.

Management has brought the matter to the attention of the Joint Board of Directors and alternative arrangements are being researched and investigated.

We thank you for your patience.

Yours truly,
